Sad's for missed meetings.

ROTARY EVENTS / NEWS

Gabor reported results of last weeks test: Two highest scores were 76%, with no name. If you are a winner please contact Gabon to claim the prize.
Thanks to Kevin and Pat we have a new brochure, which provides a brief history and the philosophy of our club. This brochure is an excellent means of introducing our club to the prospective candidates. Please share it.
Cappy, coordinator of the District Conference, urged all members who are interested in attending and did not book a reservation to please contact the Marriott (866-449-7390). It promises to be a great event. There is a block of rooms set aside at $155 Group Rate. Marriott will hold the rate up to April 2nd.
Gabor presented the Paul Harris Fellowship program for final discussion and vote. After several months of deliberation the proposal was to leave the program intact. While the club has many unused credits, membership was not ready to depart from the prior philosophy of issuing awards prudently only to the worthy individuals. The concern being that full utilization of available credits would dilute symbolic value to membership. The Proposal vas approved without opposition.
